AquaChek® TruTest Digital Test Strip Reader

Tests for Free Chlorine/Bromine, pH and Total Alkalinity

Specifically developed for pool and spa owners, the AquaChek TruTest Digital Test Strip Reader combines the ease and accuracy of AquaChek test strips with advanced digital technology. Now there's no guesswork required to interpret color results – just dip a test strip in your pool or spa, insert in test strip reader and get fast, accurate digital results in seconds!

Easy to use:

- Fast, accurate results in 15 seconds without color matching
- Large, easy-to-read LCD screen that displays test results

Accurate:

- Uses technology developed specifically for pool and spa analysis

Features:

- Numerical test results for Free Chlorine/Bromine, pH and Total Alkalinity – “low”, “ok” or “high” indicators for each test

parameter

- Water-resistant
- Memory function –stores the last 9 test results
- Power source: 2AA alkaline batteries (not included)
- Sixty (60) day limited manufacturer's warranty

Kit Includes:

- TruTest Digital Test Strip Reader
- User's guide in 15 languages
- Pool Care and Treatment Information
- 25 TruTest Digital Strips
