## SPECIFICATIONS

**Dimensions:** 80" x 74" x 30" D\*

**Gallons:** 300 (U.S.)

**Pumps:** 2.2 HP Break Torque (1.0 HP Continuous Duty) Hi-Flow Pump

**Ozone:** Factory Installed (optional)

**Voltage:** 120 Volts / 15 Amps

**Controls:** Balboa Digital Electronics with LCD temperature read-outs. The heat and humidity resistant microprocessor requires no programming.

Because of the nature of the thermoforming process, the actual size of the spa may vary slightly.

CASCADING WATERFALL

14-JET TURBO MASSAGE

BUILT-IN FILTER

**Directional Hurricane Jet**

State of the art hydrotherapy jet with directional control and an adjustable dial for various water flow levels.

**Massage Hurricane**

A 14-jet system that provides superior performance. This jet acts as a powerful, multi-level master massage.

**3" Vari Swirl Hurricane Jet**

A single 3/4" nozzle jet is adjustable to an angle of 26° for a large, 360° massage area.

**2" Directional Posi-Flow Jet**

An adjustable narrow-stream jet that can be adjusted to target specific muscles or areas of the body.

**Posi Flow Jet**

Creates the powerful massage that is most popular in spas.

## SHELL-STRENGTHENING SYSTEM

1. Thermoformed Polyethylene Shell
2. Foam Insulation
3. Weather Guard with Synthetic Reversible Panels
4. Moisture-Resistant Polyethylene Flooring

## SOFT-TOUCH™ CONTROLS

State-of-the-art digital electronic control with LCD temperature readout. All functions are conveniently located at your fingertips.

## MAINTENANCE FREE WEATHER GUARD™ CABINET

Our synthetic cabinets are known for their rich, beautiful appearance and long lasting durability. Fully removable access panels make service a breeze.

## ENERGY SAVER SYSTEM™

Heat is generated by the spa's power equipment inside the cabinet. This heated air is captured and returned to the spas water. This continually helps maintain the water temperature without running the heater as often. The heat recovery system saves you money by reducing electrical cost.

## QCA LIMITED WARRANTY

### One Year Shell\*

The shell is warranted against water leakage caused by a defect in material for one year from the original date of purchase.

### One Year Plumbing\*

Spa plumbing, fittings, pipe, drains, and fixtures are warranted against leaking due to defects in materials for one year from the original date of purchase.

### One Year Equipment\*

QCA warrants the spa equipment against defects in the material for one year from the original date of purchase.

### One Year Pump\*

QCA warrants the spa pump and pump motor for one year from the original date of purchase.

\*For complete warranty details, see the warranty performance and coverage page located in the owner's manual.

QCA Spas reserves the right to change models, equipment, jet configuration and styles, color and cabinetry without notice.
