

pH PLUS raises the pH of swimming pool water. The ideal pH range is 7.2-7.8.

This pH will:

- Allow your sanitizer to work more effectively
- Reduce equipment corrosion
- Reduce eye irritation
- Reduce skin dryness

DIRECTIONS FOR USE:

It is a violation of State Law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONS BEFORE USE:

Before adding pH PLUS to your pool:

1. Measure the pH of pool water with a test kit. The pH should be measured each time a sanitizer is added.
2. Use the information below (DOSAGE of pH PLUS) to determine the correct amount of **pH PLUS**.

DOSAGE of pH PLUS:

WHEN pH FALLS BELOW 7.2:

While the pump is in operation, distribute **pH PLUS** into the deep end of the pool. For every 10,000 gallons of water add the following amounts:

- 1 pound when pH is below 6.6.
- 3/4 pound when pH is between 6.6 and 7.0.
- 1/2 pound when pH is between 7.0 and 7.2.

HOW TO ADD pH PLUS TO YOUR POOL:

1. Scatter **pH PLUS** over the pool surface.
2. Keep the circulation pump running.
3. Check the pH again after 2 hours.
4. Repeat treatment if necessary.

HOW TO PREVENT pH VARIATIONS OR BUFFERING:

1. Keep the total alkalinity between 80-120 parts per million (ppm).
2. Each month test total alkalinity with a test kit.

PRECAUTIONS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

WARNING:IRRITANT-HARMFUL IF SWALLOWED

- Causes skin and eye damage.
- **Do Not** get in eyes, on skin, or on clothing.
- **Do Not** handle with bare hands.
- Wear goggles or face shield.
- Use rubber gloves when handling.
- Irritating to nose and throat.
- **Do Not** breathe in dust.
- **Do Not** mix this product with any other chemical - mix only with water.

FIRST AID:

In case of eye contact, flush freely with water. If swallowed, give water. Call physician.

STORAGE AND DISPOSAL:

- Keep this product dry in its tightly closed container when not in use.
- Store in cool, dry, well-ventilated area.
- **Do Not** reuse empty container.
- Rinse empty container by placing it under water in the pool. Repeat several times.
- Recycle if possible or place in trash collection.

Do Not contaminate lakes, ponds or streams by cleaning of equipment or disposing of water.
