

RockSolid™ Solutions

A high-performance anchoring system has an innovative expandable wedge assembly that places continuous and consistent pressure on the platform post to prevent starting block movement.

- Available in single and dual-post models
- Single-post accommodates 2.5" square tubing
- Dual-post accommodates 1.90" OD round tubing

Dual-post RockSolid Anchor

Optional RockSolid Safe-T-Cap
Sits flush to the pool deck if starting blocks are removed, and utilizes same wedge bolt to tighten and hold in place.

Side Handles

Additional starting technique option for faster starts. Can be retrofitted onto Legacy Launch, Legacy, and Universal starting platforms.

WIN AT THE START

Whether for an elite swimming program or for recreational racing, we have a starting block style to meet the facility requirement. Combine virtually any of our platforms with our high performance anchoring system and guarantee swimmers a RockSolid™ advantage. All S.R.Smith starting platforms meet FINA, NCAA, USAS and USMS regulations.

SELECTION MADE EASY

Use our online starting block configurator to help determine which S.R.Smith starting platforms will work with your pool. Simply provide a few key dimensions that will generate a specification document. You will receive the information in an email, which can be used when requesting a quote.

STARTING BLOCK CONFIGURATOR

Find the starting blocks that will match your pool shape and measurements.

Step 1 - Dimensions

STEP 2: SELECT STARTING BLOCK

The S.R. Smith Starting Block Configurator makes it easy to get the right blocks for your facility. Submit measurements, select products, customize footboards with colors or logos, submit your contact information and we'll do the rest. Need help? Contact our Commercial Products Specialist at 1-800-624-4387 or email sales@srsmith.com.

Legacy Launch Series

This platform series features the new enhanced SolidStart edge, and adjustable track start wedge that tucks away when not in use. The side mount model is ideal for pools with narrow bulkheads or limited deck space, and the long reach model is designed for pools with wide or parapet gutter systems.

Standard

Side Mount

Long Reach

Legacy Series

This single-post platform series is ideal for highly competitive swimming facilities. The side mount model is ideal for pools with narrow bulkheads or limited deck space, and the long reach model is designed for pools with wide or parapet gutter systems.

Standard

Side Mount

Long Reach

Legacy II Side Mount

This dual post platform is designed for pools with narrow bulkheads or limited deck space.

Legacy II Dual Post

This platform is an economical choice for recreational swimming facilities.

Universal

The starting platform features a unique, over-sized footboard and step that provides safe platform access and doubles as a coaching step or rest area.

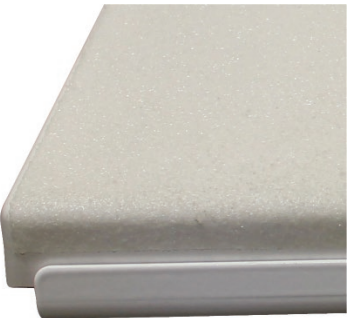

Varsity Deluxe

Available in 18" and 30" models, this starting block is designed for recreational swimming facilities.

New SolidStart Edge

The new enhanced edge increases block edge surface area for improved grip, and is encapsulated in SealedSteel®, which increases traction. It is standard on Legacy Launch, Legacy and Universal starting platforms.

Show Off Your Colors

Our platforms are available in five powder-coated colors, with radiant white steps and footboards. We also offer a variety of customization options for facilities that want to show off their team spirit with team logos or custom colors on the footboard or frame.
